non-expert opinion, it is more coherent, more systematic, and has a stronger emphasis on principles.

[PDF] Antenna Theory: Analysis And Design, 3Rd Ed

This book introduces the fundamental principles of antenna theory and explains how to apply them to the analysis, design, and measurements of antennas. Due to the variety of methods of analysis and design, and the different antenna structures available, the applications covered in this book are made to some of the most basic and practical antenna configurations.
