Little children can follow "Baby Fish's" adventures, like swimming with his friends ( a school of fish) and playing between corals. Though the book is made in China (By Leo Paper Products) it is sturdy made, the cardboard is thick and cannot be bent by a little kid, the seams of the finger puppet are well made, and the book is designed in a way that promises to last a long time.

Brought this book for my 5 month old baby. He was very fascinated with the book he couldn't keep he's eyes off the moving baby elephant. Just a shame the book wasn't a little bit bigger. I think maybe a toddler puppet book would of been better so you can see the puppet better. But still a lovely book would recommend book.

Each of these finger puppet board books has a hole through the center of the book ending in a too-cute finger puppet. Lively text gives you plenty of reason to bring the little character to life. Pages turn over the puppet who is ready to animate the text on every page whether it be eating, sleeping, or exploring.
