Britannia - The Failed State: Tribal Conflict and the End ...

Given the probable widespread persistence of tribal identities, increasing archaeological evidence for Late Roman to Anglo-Saxon continuity, and, above all, the geographical correspondence between Roman civitates and Anglo-Saxon kingdoms, it may be time for a major rethink. We must pose the question: was post-Roman Britain a classic 'failed state', fragmenting into ethnic enclaves, falling prey to warlords and mercenaries, sinking into backwardness in a turmoil of killing and border ...

evidence that strongly suggests that tribal identity, and even tribal power, remained important in Britain throughout the Roman period. This not only prevented the development of a coherent

provincial identity during Roman rule, but, after the departure of the legions, resulted in a disjointed response to the Germanic invasions and led to the fragmentation of the province into numerous petty states.
