Building Peace Sustainable Reconciliation In

Sophisticated yet pragmatic, the volume explores the dynamics of contemporary conflict and presents an integrated framework for peacebuilding in which structure, process, resources, training, and evaluation are coordinated in an attempt to transform the conflict and effect reconciliation. Building Peace is a substantive reworking and expansion of a work developed for the United Nations University in 1994. In addition, this volume includes a chapter by practitioner John Prendergast that ...

Building Peace: Sustainable Reconciliation in Divided Societies. A major work from a seminal figure in the field of conflict resolution, "Building Peace" is John Paul Lederach's definitive statement on peacebuilding.

Building Peace: Sustainable Reconciliation in Divided ...

This United States Institute of Peace Press publication argues that building peace requires a comprehensive approach. It provides strategic and practical suggestions to help establish an infrastructure for sustainable transformation and address the immediate and deep-rooted needs of divided societies. Peacebuilding faces systemic issues of how to deal with the production, transfer, and ready availability of weapons, which fuel and make possible an extraordinary level of armed violence.

Building Peace: Sustainable Reconciliation in Divided ...

An important task in the development of a framework for sustaining reconciliation is to build peace constituencies within the setting. Conceptually, at a very basic level this means that the international community must see people in the settings as resources, not recipients.

Building Peace | United States Institute of Peace

This book explores how competing worldviews impact on intergroup relations and building a sustainable peace in culturally diverse societies. It raises the question of what happens in a culturally diverse society when competing values and ways of interpreting reality collide and what this means for peace-building and the goal of reconciliation.

Three important mid-level approaches to building peace are problem-solving workshops, conflict-resolution training, and the development of peace commissions. Problem-solving workshops feature informal meetings designed to broaden participation and deepen parties' understanding of their shared problems.
