Cessna Citation I - Wikipedia

Cessna delivered the first Citation 501/I/SP, certified for single-pilot operations, in 1977. With the improvements announced in 1976, the company changed the aircraft's name to Citation I. Maximum altitude increased to 41,000 feet and the 38-inch wing extension, combined with thrust reversers, allowed the airplane to land on much shorter runways.

Cessna Citation I | Business Jet Traveler

The Cessna Citation family is Cessna's business jets line, forming the largest business jet fleet. The first Citation was put into service in 1972 and more than 35 million flight hours have been logged since. Fifty years after the first flight, more than 7,500 Citations have been delivered. It started with the small Citation I prototype flying on September 15, 1969, and produced until 1985, developed into the 1978-2006 Citation II/Bravo, the 1989-2011 Citation V/Ultra/Encore and the CitationJet

Cessna Citation family - Wikipedia

The Cessna 500 Citation I is a turboprop-powered small-sized business jet that was built by the Cessna Aircraft Company in Wichita, Kansas. The Citation line of business jets encompasses several distinct aircraft families, and the Citation I set the groundwork for future models. Like the Learjets, the Citation I required a crew of two.

Citation I/SP Specifications, Cabin Dimensions, Performance

The highly popular Cessna 500 Citation and 500 Citation I pioneered the entry level light business jet market, and their success formed the basis for the world's largest family of corporate jets. Cessna became the first of the big three American manufacturers (Piper, Beech and Cessna) to develop a jet powered transport.
