This area is especially challenging, because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures, IRS Tables and IRS Regulations. These sources are frequently old and include some materials which may be non-applicable. CCH's U.S. Master Depreciation Guide pulls the pieces together, so practitioners can make sense of all the corresponding information and put the information into practice.

The energy of the photographs is impressive and visceral. In order to get these shots, Regan built a special light, which jutted out over the roof of the car, a harness that allowed her to lean out of the window, and various other contraptions to make the images come to life. This book will make you
