Andy Warhol (Getting to Know the World's Greatest Artists ...

As his work blurred the lines between image and authenticity, Warhol in turn inaugurated himself as an American icon. Warhol's early work as a commercial illustrator consisted of light-hearted, whimsical drawings created by pressing fresh sheets of paper onto wet lines to make printed images. This work paved the way for the mass-produced, repetition-oriented techniques that would continue to determine his artistic style throughout his career.

Andy Warhol (Getting to Know the World's Greatest Artists ...

Know more about Andy Warhol beyond his famous Campbell soup cans and Marilyn Monroe pop arts. Get to know Andy Warhol through the Whitney tribute The Whitney Museum of American Art will pay tribute to Andy Warhol in a way that his fans will get to know him for his other less popular works.

For use in schools and libraries only. A simple biography of a man who helped develop Pop Art and made art fun for many people.

These books are without a doubt the definitive - and most entertaining - biographies of artists for young readers.

Author/artist Mike Venezia provides hilarious, cartoon-style illustrations to complement his easy-to-read text and full-color reproductions of the masters' artwork. These books will help children "get to know" the world's greatest artists.

Examines the work and life of Faith Ringgold.

In the 1960s, Warhol created a brand-new kind of art, pop art, changing the face of the art world forever. Readers can see Warhol's style develop through images of his paintings, as well as learn details about his life that inspired and shaped the artist. In addition, Art Smart boxes help readers gain a deeper understanding of the form, style, medium, and content of Warhol's work.

Discusses the life and work of French post-impressionist artist Henri Matisse

The definitive biography of a fascinating and paradoxical figure, one of the most influential artists of his—or any—age To this day, mention the name “Andy Warhol” to almost anyone and you’ll hear about his famous images of soup cans and Marilyn Monroe. But though Pop Art became synonymous with Warhol’s name and dominated the public’s image of him, his life and work are infinitely more complex and multi-faceted than that. In Warhol, esteemed art critic Blake Gopnik takes on Andy Warhol in all his depth and dimensions. “The meanings of his art depend on the way he lived and who he was,” as Gopnik writes. “That’s why the details of his biography matter more than for almost any cultural figure,” from his working-class Pittsburgh upbringing as the child of immigrants to his early career in commercial art to his total immersion in the “performance” of being an artist, accompanied by global fame and stardom—and his attempted assassination. The extent and range of Warhol’s success, and his deliberate attempts to thwart his biographers, means that it hasn’t been easy to put together an accurate or complete image of him. But in this biography, unprecedented in its scope and detail as well as in its access to Warhol’s archives, Gopnik brings to life a figure who continues to fascinate because of his contradictions—he was known as sweet and caring to his loved ones but also a coldhearted manipulator; a deep-thinking avant-gardist but also a true lover of schlock and kitsch; a faithful churchgoer but also an eager sinner, skeptic, and cynic. Wide-ranging and immersive, Warhol gives us the most robust and intricate picture to date of a man and an artist who consistently defied easy categorization and whose life and work continue to profoundly affect our culture and society today.

Celebrated during his lifetime as much for his personality as for his paintings, Andy Warhol (1928–87) is the most famous and influential of the Pop artists, who developed the notion of 15 minutes of fame, and the idea that an artist could be as illustrious as the work he creates. This graphic novel biography offers insight into the turning point of Warhol’s career and the creation of the Thirteen Most Wanted Men mural for the 1964 World’s Fair, when Warhol clashed with urban planner Robert Moses, architect Philip Johnson, and Governor Nelson Rockefeller. In *Becoming Andy Warhol*, New York Times bestselling writer Nick Bertozzi and artist Pierce Hargan showcase the moment when, by stubborn force of personality and sheer burgeoning talent, Warhol went up against the creative establishment and emerged to become one of the most significant artists of the 20th century.

A loosely formed autobiography by Andy Warhol, told with his trademark blend of irony and detachment In *The Philosophy of Andy Warhol*—which, with the subtitle “(From A to B and Back Again),” is less a memoir than a collection of riffs and reflections—he talks about love, sex, food, beauty, fame, work, money, and success; about New York, America, and his childhood in McKeesport, Pennsylvania; about his good times and bad in New York, the explosion of his career in the sixties,

and his life among celebrities.

Illustrated biographies featuring a range of fascinating figures from history (and current figures, too!) provide great information and entertainment through short chapters and illustrations that will appeal to reluctant readers as well as middle readers in general. Simultaneous eBook.
