Part of the Medical Guides to Complementary and Alternative Medicine Series, this comprehensive resource offers brief, yet thorough coverage of alternative and complementary hands-on therapies, including Chiropractic, Healing Touch/Therapeutic Touch, Reiki, and massage. Focusing on manipulative techniques and their therapeutic applications to common and un-common disorders, it addresses both Eastern and Western approaches to the discipline. Ideal for comparing and contrasting the various forms of manual therapeutics, it describes the basic philosophy and theories of the different methods, as well as the techniques themselves. It also provides an overview of the principal manual therapies practiced worldwide, the theories and rationale behind them, and practice algorithms.

Reprint of the original, first published in 1867.

international record-setting athlete to counsel readers on all aspects of open water swimming, from the equipment required to training and safety.

If there's one thing that Mark Remy knows, it's running. After 25 marathons and a career of writing for and about runners in *Runner's World*, he is well equipped to dissect the running world and the odd creatures that make up its population. *Runners of North America* is a playful, user-friendly handbook designed to help us understand this brightly clad species and their quirky behavior. With chapters like "Diet and Nutrition" and "Mating Habits," *Runners of North America* examines and explains the lives of runners from every conceivable angle--while delivering plenty of laughs along the way. Illustrated with line drawings that capture the humor and tone of the book, this is sure to make you laugh, identify with, and poke fun at the ridiculous things that runners do, while highlighting what makes belonging to this group uniquely entertaining. It's the perfect gift for runners--and for anyone seeking to better understand their bizarre behavior.
