In Alissa Nutting ' s novel Tampa, Celeste Price, a smoldering 26-year-old middle-school teacher in Florida, unrepentantly recounts her elaborate and sociopathically determined seduction of a 14-year-old student. Celeste has chosen and lured the charmingly modest Jack Patrick into her web. Jack is enthralled and in awe of his eighth-grade teacher, and, most importantly, willing to accept Celeste ' s terms for a secret relationship—car rides after dark, rendezvous at Jack ' s house while his single father works the late shift, and body-slamming erotic encounters in Celeste ' s empty classroom. In slaking her sexual thirst, Celeste Price is remorseless and deviously free of hesitation, a monstress of pure motivation. She deceives everyone, is close to no one, and cares little for anything but her pleasure. Tampa is a sexually explicit, virtuosically satirical, American Psycho – esque rendering of a monstrosly misplaced but undeterrable desire. Laced with black humor and crackling sexualized prose, Alissa Nutting ' s Tampa is a grand, seriocomic examination of the want behind student / teacher affairs and a scorching literary debut.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney ' s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Young Edward Baltram's prank of giving his friend Mark Wilden a drug-infused sandwich and his stepbrother Stuart's decision to forsake a promising academic career for social work bring consternation to their parents and elders. Reprint.

"An intense bond between high school senior Bea and her music teacher turns into a passionate affair, but when their affair turns into a scandal, Bea wonders if their romance was ever real"--

Adam Yuga, a rising young star in the imperialist Terran Protectorate, is on the verge of a massive promotion ... until a routine physical exam reveals something less than perfection. Genetic flaws are taboo, and Adam soon discovers there's a thin line between rising star and starving outcast. Stripped of wealth and position, stricken with a mysterious, worsening illness, Adam resorts to stealing credits to survive. Moments from capture by the Protectorate, help arrives in the form of Lochlan, a brash, cocksure Bideshi fighter. Now the Bideshi, a people long shunned by the Protectorate, are the only ones who will offer him shelter. As Adam learns the truth about the mysterious, nomadic people he was taught to fear, Lochlan offers him not just shelter but a temptation Adam can only resist for so long.

She looked like a ragged, storm-drenched urchin, but from the moment Serena Smyth appeared on his Seattle doorstep, Richard Patrick Merlin recognized the spark behind her green eyes. Serena had crossed a country to find him, guided by her determination to become a master wizard. She knew he could be her teacher—but she never expected the charismatic, seductive power that was Merlin's. Nor had she dreamed of the fire he ignited in her body and soul, a flame that burned even hotter than the powerful talent she possessed but did not yet understand. Their love forbidden by an ancient law, Serena and Richard will take a desperate gamble and travel to a long-lost world to change the history that threatens to separate them. But they risk being torn apart forever, destroyed by a cursed land...and their own fierce desires.

Lieutenant Joe Leaphorn of the Navajo Tribal Police investigates the vicious murders of an elderly man and a teenage girl, as well as the blind Listening Woman's visions of ghosts and witches, and uncovers an evil that is all too human in origin. Reissue.

After she is chosen to be "Bearer-of-the-god," Mirany questions the established order and sets out, along with a musician and a scribe, to find the legitimate heir of the religious leader known as the Archon. Children's BOMC. Reprint
