Advance praise for *Motivating the "What's In It For Me?" Workforce* "The information on leading and managing generations found in this book is invaluable to all executives today. The war for talent has become increasingly fierce. Attracting and retaining this talent is critical to a successful global company. This book is a masterful tool for developing the skills required for managing multigenerational teams. It is a must-have for executives at all levels who are responsible for a company's greatest asset: its people." --Phebe Port, Vice President Global Management Strategies, The Estee Lauder Companies "Motivating the 'What's In It For Me?' Workforce has given our managers good ideas about leading the different generations in our workplace, particularly the New Millennials who we at Enterprise are especially reliant upon to grow our business every single day and, ultimately, become our company's future leaders." --Marie Artim, Assistant Vice President Recruiting, Enterprise Rent-A-Car "After Marston presented to our management group, approximately 400 individuals, and after we responded to the clamor for his book, it became commonplace to hear people discussing solutions to problems based on generational considerations. There aren't many people discussions that occur today where we don't at least consider differences between Baby Boomers, Millennials, etc. He really changed our way of thinking!" --Anne Donovan, U.S. HR Leader Systems and Process Assurance, PricewaterhouseCoopers "If you ever had any doubt that generational differences have an impact on go-to-market strategies, Marston's book, *Motivating the 'What's In It For Me?' Workforce*, provides thought-provoking realities you need to consider. This is a must-read . . . At our Sales Leadership Conference, Marston gave our top sales managers actionable ideas on how to gain better understanding of what drives today's workforce to take direct action and deliver exceptional results." --Damian A. Thomas, General Manager Corporate Sales Leader, General Electric Company

“ Pitch-perfect action scenes...A winning blend of comedy, superheroics, inspirational women from history, and puzzle-solving. ”
—Kirkus Reviews A trio of young superheroes try to thwart a spy in this second book in the action-packed, comics-inspired adventure series that 's *Hidden Figures* meets *Wonder Woman*! After defeating *The Hisser*—and discovering their power as a team—*Infinity Trinity* is ready for its next adventure. When Akiko, Mae, and Josie learn that a spy has been betraying secrets to the Japanese military, they join

Room Twelve in San Francisco for important work with other code-cracking experts. But soon there is personal code to crack: Akiko spots her mom walking with the suspected spy through San Francisco, which had been her family ' s home until Executive Order No. 9066 sent Akiko and all Japanese Americans on the West Coast into internment camps. Teaming up with brilliant members of The League of Secret Heroes—like real-life World War II code-crackers Genevieve Grotjan and Elizebeth Friedman—Akiko, Mae, and Josie search for answers as they battle the evil clown Side-Splitter, who ' s bent on destroying not only the city, but the Infinity Trinity, too. As clues begin to pile up that her mother has become entangled with Side-Splitter ' s sinister plot, can Akiko solve the most important puzzle of all?

When Neil Armstrong and Buzz Aldrin walked on the moon in 1969, they personified an almost unimaginable feat—the incredibly complex task of sending humans safely to another celestial body. This extraordinary odyssey, which grew from the rivalry between the United States and the Soviet Union during the Cold War, was galvanized by the Sputnik launch in 1957. To mark the fiftieth anniversary of Sputnik, National Geographic recaptures this gripping moment in the human experience with a lively and compelling new account. Written by Smithsonian curator Von Hardesty and researcher Gene Eisman, *Epic Rivalry* tells the story from both the American and the Russian points of view, and shows how each space-faring nation played a vital role in stimulating the work of the other. Scores of rare, unpublished, and powerful photographs recall the urgency and technical creativity of both nations' efforts. The authors recreate in vivid detail the "parallel universes" of the two space exploration programs, with visionaries Wernher von Braun and Sergei Korolev and political leaders John F. Kennedy and Nikita Khrushchev at the epicenters. The conflict between countries, and the tense drama of their independent progress, unfolds in vivid prose. Approaching its subject from a uniquely balanced perspective, this important new narrative chronicles the epic race to the moon and back as it has never been told before—and captures the interest of casual browsers and science, space, and history enthusiasts alike.

“ A breathtaking new epic fantasy series. Morgan Rice does it again! This magical saga reminds me of the best of J.K. Rowling, George R.R. Martin, Rick Riordan, Christopher Paolini and J.R.R. Tolkien. I couldn ' t put it down! ” --Allegra Skye, Bestselling author of *SAVED From #1*
Bestselling author Morgan Rice comes the debut of a dazzling new fantasy series. *A QUEST OF HEROES (BOOK #1 IN THE SORCERER ' S RING)* revolves around the epic coming of age story of one special boy, a 14 year old from a small village on the outskirts of the Kingdom of the Ring. The youngest of four, the least favorite of his father, hated by his brothers, Thorgrin senses he is different from the others. He dreams of becoming a great warrior, of joining the King ' s men and protecting the Ring from the hordes of creatures on the other side of the Canyon. When he comes of age and is forbidden by his father to try out for the King ' s Legion, he refuses to take no for an answer: he journeys out on his own, determined to force his way into King ' s Court and be taken seriously. But King ' s Court is rife with its own family dramas, power struggles, ambitions, jealousy, violence and betrayal. King MacGil must choose an heir from amongst his children, and the ancient Dynasty Sword, the source of all their power, still sits untouched, waiting for the chosen one to arrive. Thorgrin arrives as an outsider and battles to be accepted, and to join the King ' s Legion. Thorgrin comes to learn he has mysterious powers he does not understand, that he has a special gift, and a special destiny. Against all odds he falls in love with the king ' s daughter, and as their forbidden relationship blossoms, he discovers he has powerful rivals. As he struggles to make sense of his powers, the king ' s sorcerer takes him under his wing and tells him of a mother he never knew, in a land far away, beyond the Canyon, beyond even the land of the

Bookmark File PDF Found Tons Heroes Series

Dragons. Before Thorgrin can venture out and become the warrior he yearns to be, he must complete his training. But this may be cut short, as he finds himself propelled into the center of royal plots and counterplots, ones that may threaten his love and bring him down—and the entire kingdom with him. With its sophisticated world-building and characterization, A QUEST OF HEROES is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 82,000 words. Book #2 in the series, A MARCH OF KINGS, is now available, too. “ Grabbed my attention from the beginning and did not let go....This story is an amazing adventure that is fast paced and action packed from the very beginning. There is not a dull moment to be found. ” --Paranormal Romance Guild {regarding Turned} “ Jam packed with action, romance, adventure, and suspense. Get your hands on this one and fall in love all over again. ” --vampirebooksite.com (regarding Turned) “ A great plot, and this especially was the kind of book you will have trouble putting down at night. The ending was a cliffhanger that was so spectacular that you will immediately want to buy the next book, just to see what happens. ” --The Dallas Examiner {regarding Loved}

This ebook edition contains the full text version as per the book; but doesn't include original photographic and illustrated material. In a broadcast to the nation in September 1940 King George VI announced the institution of the George Cross - a civilian equivalent of the Victoria Cross awarded to recognize the many acts of supreme gallantry being performed outside of the battlefield. From Thomas Alderson, the first recipient of the medal, who heroically rescued several people from trapped houses during one terrible Blitz night, to Lance Corporal Matthew Croucher, who threw himself onto a live grenade in the Helmand province to save the lives of his comrades (and somehow survived), to Barbara Harrison, an air stewardess who died in 1968 after helping many passengers escape from an onboard fire, this book tells the amazing stories of everyone of the George Cross's 159 direct recipients. GEORGE CROSS HEROES pays tribute to the extraordinary courage displayed by so many of the commonwealth's men and women in so many incredible situations over the last 70 years.

The myths of the ancient Greeks have inspired us for thousands of years. Where did the famous stories of the battles of their gods develop and spread across the world? The celebrated classicist Robin Lane Fox draws on a lifetime ' s knowledge of the ancient world, and on his own travels, answering this question by pursuing it through the age of Homer. His acclaimed history explores how the intrepid seafarers of eighth-century Greece sailed around the Mediterranean, encountering strange new sights—volcanic mountains, vaporous springs, huge prehistoric bones—and weaving them into the myths of gods, monsters and heroes that would become the cornerstone of Western civilization.
