A biography of African American tennis champion Arthur Ashe, a pioneering minority athlete known for his character, sportsmanship, and activism in social causes such as civil rights and HIV/AIDS awareness. Includes an afterword, author's note, and ph

The "Story" chapter-book line debuts with this action-packed tribute to Arthur Ashe, one of the most compelling athletes and humanitarians of the twentieth century.

This account of a tennis match played by Arthur Ashe against Clark Graebner at Forest Hills in 1968 begins with the ball rising into the air for the initial serve and ends with the final point. McPhee provides a brilliant, stroke-by-stroke description while examining the backgrounds and attitudes which have molded the players' games.

A NEW YORK TIMES NOTABLE BOOK A “thoroughly captivating biography” (The San Francisco Chronicle) of American icon Arthur Ashe—the Jackie Robinson of men’s tennis—a pioneering athlete who, after breaking the color barrier, went on to become an influential civil rights activist and public intellectual. Born in Richmond, Virginia, in 1943, by the age of eleven, Arthur Ashe was one of the state’s most talented black tennis players. He became the first African American to play for the US Davis Cup team in 1963, and two years later he won the NCAA singles championship. In 1968, he rose to a number one national ranking. Turning professional in 1969, he soon became one of the world’s most successful tennis stars, winning the Australian Open in 1970 and Wimbledon in 1975. After retiring in 1980, he served four years as the US Davis Cup captain and was inducted into the International Tennis Hall of Fame in 1985. In this “deep, detailed, thoughtful chronicle” (The New York Times Book Review), Raymond Arsenault chronicles Ashe’s rise to stardom on the court. But much of the book explores his off-court career as a human rights activist, philanthropist, broadcaster, writer, businessman, and celebrity. In the 1970s and 1980s, Ashe gained renown as an advocate for sportsmanship, education, racial equality, and the elimination of apartheid in South Africa. But from 1979 on, he was forced to deal with a serious heart condition that led to multiple surgeries and blood transfusions, one of which left him HIV-positive. After devoting the last ten months of his life to AIDS activism, Ashe died in February 1993 at the age of forty-nine, leaving an inspiring legacy of dignity, integrity, and active citizenship. Based on prodigious research, including more than one hundred interviews, Arthur Ashe puts Ashe in the context of both his time and the long struggle of African-American athletes seeking equal opportunity and respect, and “will serve as the standard work on Ashe for some time” (Library Journal, starred review).

Part fun- and information-filled almanac, part good book guide, the Children's Book-a-Day Almanac is a new way to discover a great children's book--every day of the year! This fresh, inventive reference book is a dynamic way to showcase the gems, both new and old, of children's literature. Each page features an event of the day, a children's book that relates to that event, and a list of other events that took place on that day. Always informative and often surprising, celebrate a year of literature for children with The Children's Book-a-Day Almanac.

Read Book Game Set Match Champion Arthur Ashe

This much-needed book will help schools and, by extension, society to better understand and identify the promise, potential, and possibilities of Black boys. Drawing from their wealth of experience in early childhood education, the authors present an asset- and strengths-based view of educating Black boys. This positive approach enables practitioners and school leaders to recognize, understand, and cultivate the diversity of social skills of Black boys in the early grades (pre-K–3rd grade). Each chapter begins with a vignette to illustrate what is lost when Black boys are prevented from participating freely in boyhood, having to instead attend to adult and peer interactions and attitudes that view them as “bad boys” and “troublemakers.” This accessible book provides teachers with classroom strategies to help young Black boys achieve their highest potential, along with other resources for supporting their social-emotional development, such as a reading list of authentic multicultural children’s books with Black boys as protagonists. “The Brilliance of Black Boys claims new ground to advance knowledge and practice that can change the narrative about Black boys and their early schooling.” —From the Foreword by James Earl Davis, Temple University “Wright’s uncommon insight into the world of Black boys unveils a new narrative and gives educators a formula for turning opportunity into advantage.” —Carol Brunson Day, past president, NAEYC “The Brilliance of Black Boys provides counter-stories, theories, paradigms, and resources to skillfully illustrate the strengths of Black boys. Readers will not be disappointed.” —Donna Y. Ford, Vanderbilt University

Written with a focus on the English Language Arts Common Core Standards, this book provides a complete plan for developing a literacy program that focuses on boys pre-K through grade 12.

- Examines and evaluates the most recent research about boys and nonfiction reading
- Addresses the intersections of Common Core Standards and literacy for boys
- Provides annotated bibliographies of recommended books as well as lists of apps and other software for boys
- Offers educators effective strategies to promote reading with boys and advice for parents in developing a home reading plan for their sons

'Imani the tiny' the children tease her, but this young Maasai girl is determined to touch the moon. Her mother shares stories of others who have overcome challenges and managed great accomplishments always reminding Imani that 'it is only you who must believe.' This magical tale, with roots in the tradition of the adumu, a cultural jumping dance, is one strong and spirited girl's thrilling story.

Charlie Jones and Kim Doren are rapidly becoming admired authors of sports advice. Following their popular golf instruction book, *Be The Ball: A Golf Instruction Book For The Mind, Game, Set, Match* gives tennis players everywhere the inside track on how the stars prepare for their games. Many of the biggest names in tennis have contributed their personal advice for this book. Learn from tennis champions Monica Seles and Michael Chang, legends Jack Kramer and Rod Laver, coaches Nick Bolletieri and Vic Braden, game analysts Bud Collins and Pam Shriver, and celebrities such as Dick Van Patton and Regis Philbin, who love to play the game. More than 50 contributors in all offer their unique pointers and philosophies about using the power of the mind to become the best tennis player you can. Everyone who is serious about tennis will want a copy of this insightful and inspiring book about the mental side of the game.
