boxes that highlight more contemporary developments in social psychological research and their practical applications, Real World features that look at the everyday relevance of social psychology, and Literature, Film and TV features that demonstrate how social psychological concepts are dealt with in popular media. An international balance of research alerts students to the cross cultural dimensions of social psychology Essentials of Social Psychology is accompanied by MyPsychLab, an interactive online study resource designed to help students to consolidate and further their understanding. Together, the book and online support make this an ideal resource for those studying the subject for the first time, or as part of a more general programme of study.

No further information has been provided for this title.

A new history of post-conquest England which makes the new kingdom accessible through a focus on its kings and how it was ruled, featuring the empire building dynasties. The central theme of the book is the rise and fall of English kingship during this period and at its heart is the central question of how the ruler of the most sophisticated kingdom in 12th century Europe was eventually compelled to submit to the humiliation of Magna Carta at the start of the thirteenth. The book also reaffirms the importance of high politics in English history. No proper understanding of the wider aspects of medieval history (social, economic, cultural) is possible without a firm grounding in political events, and this book covers these themes in depth.
