Indian Foreign Service: The full form of IFS is Indian Foreign Service. IFS is one of the elite services categorised under Group A of the UPSC services. This is a diplomatically conceived civil services branch that pertains to the executive department of the government of India.

Applied Diplomacy through the Prism of Mythology is a collection of the fine writings of former Ambassador T.P. Sreenivasan, curated from a bunch of riveting essays, commentaries and speeches delivered over the course of the last decade. The seven sections of the collection named after seven immortal sages contain seven essays each, establishing a link between diplomacy and mythology. The essays in each section bear the imprint of a legendary sage, whose qualities and exploits get reflected in the context and content of the writings. The sages come alive through them in a way perceptible to not only those who are steeped in diplomatic practice and mythology, but also to other interested readers. The essays throw light on a multiplicity of diplomatic issues that surfaced in the last decade in a manner, which only a seasoned diplomat, a deep thinker and a gifted writer could do. They are valuable to the future generations of readers, just as they were much appreciated when they first found expression.

This book included Study Material and Previous Paper (Solved). Detailed Answers have also been provided for the questions for Better Understanding of the Candidates.

Examined from a non-Western lens, the standard International Relations (IR) and Foreign Policy Analysis (FPA) approaches are ill-adapted because of some Eurocentric and conceptual biases. These biases partly stem from: first, the dearth of analyses focusing on non-Western cases; second, the primacy of Western-born concepts and method in the two disciplines. That is what this book seeks to redress. Theorizing Indian Foreign Policy draws together the study of contemporary Indian foreign policy and the methods and theories used by FPA and IR, while simultaneously contributing to a growing reflection on how to theorise a non-Western case. Its chapters offer a refreshing perspective by combining different sets of theories, empirical analyses, historical perspectives and insights from area studies. Empirically, chapters deal with different issues as well as varied bilateral relations and institutional settings. Conceptually, however, they ask similar questions about what is unique about Indian foreign policy and how to study it. The chapters also compel us to reconsider the meaning and boundary conditions of concepts (e.g. coalition government, strategic culture and sovereignty) in a non-Western context. This book will appeal to both specialists and students of Indian foreign policy and International Relations Theory.

In this lively, informative and insightful book, Shashi Tharoor brilliantly demonstrates how Indian diplomacy has come of age and forecasts where it will need to focus in the new millennium. He surveys India's major international relationships in detail, evokes the country's soft power and offers his thoughts on a new 'grand strategy' for the nation, arguing that India must move beyond non-alignment to multi-alignment. Stimulating, reflective, elegantly written and passionately engaged, Pax Indica is another substantial achievement from one of the finest Indian authors of our times.
