Da quando, nel 1838, il dagherrotipo irruppe sulla scena della modernità, nulla fu più come prima. Obiettivi, lastre, camere oscure e bagni chimici non configurarono soltanto una nuova, rivoluzionaria tecnica per riprodurre la realtà: ebbero effetti pervasivi sui modi stessi di percepirla e di immaginarla, quindi di rappresentarla. Con la pittura, anche la letteratura ne fu investita in pieno, tanto che ancora oggi - dopo una ulteriore rivoluzione, quella digitale - romanzi e racconti continuano a denunciare la potenza attrattiva, nel bene o nel male, del mezzo fotografico. Al rapporto quasi bisecolare tra fotografia e opere letterarie Remo Ceserani dedica qui il primo saggio d'insieme, che attraverso una vastissima ricognizione comparatistica offre un repertorio unico e guidato di presenze tematiche, strategie narrative, orientamenti teorici. Sono censite le tipologie dei fotografi-personaggi e rintracciati i campi metaforici di conio inedito, vengono analizzate le mutate procedure di descrizione ed esplorate le connessioni con gli antichi riti della memoria, mentre a poco a poco si compone di fronte al lettore un quadro di ricchezza insospettata. Da Charles Baudelaire a Italo Calvino, da William Faulkner a Julio Cortázar, da Henry James a Thomas Bernhard, da Marcel Proust ad Antonio Tabucchi, la fotografia dispiega in letteratura tutta la sua preziosa ambivalenza. Se, secondo Roland Barthes, «non sa dire ciò che dà a vedere», le parole per dirlo spettano agli scrittori, sia a chi ne esalta la funzione di verità sia a chi ne apprezza, postmodernamente, il carattere artificioso, sia al folto drappello di coloro che invece insistono sulla sua inattendibilità o sul suo aspetto stregonesco e predatorio, attribuendo all'occhio impassibile della macchina una minaccia di congelamento del tempo che resuscita lo sguardo pietrificante della Medusa.

Stillness in Motion brings together the writing of scholars, theorists, and artists on the uneasy relationship between Italian culture and photography. Highlighting the depth and complexity of the Italian contribution to the technology and practice of photography, this collection offers essays, interviews, and theoretical reflections at the intersection of comparative, visual, and cultural studies. Its chapters, illustrated with more than 130 black and white images and an eight-page colour section, explore how Italian literature, cinema, popular culture, and politics have engaged with the medium of photography over the course of time. The collection includes topics such as Futurism's ambivalent relationship to photography, the influence of American photography on Italian neorealist cinema, and the connection between the photograph and Duchamp's concept of the Readymade. With contributions from writer and theorist Umberto Eco, photographer Franco Vaccari, art historian Robert Valtorta, and cultural historian Robert Lumley, Stillness in Motion engages with crucial historical and cultural moments in Italian history, examining each one through particular photographic practices.

Literature as Document considers the relationship between documents and literary texts in Western Literature of the 1930s and attempts to provide answers to the problematic nature of that relationship.

This collection of thirteen essays brings together Italian and American scholars to present a cooperative analysis of the Italian short story, beginning in the fourteenth century with Giovanni Boccaccio and arriving at the twentieth century with Alberto Moravia and Anna Maria Ortese. Throughout the book, the contributors carefully and intentionally unpack and explain the development of the short story genre and demonstrate the breadth of themes – cultural, historical and linguistic – detailed in these narratives. Dedicated to a genre "devoted to lightness and flexibility, as well as quickness, exactitude, visibility and multiplicity," this collection paints a careful and exacting picture of an important part of both Italian and literary history.

L'essenza della Medusa: In L'essenza della Medusa ritroviamo l'abilità del saper raccontare e confondere allo stesso tempo: Darius Marcus, follemente geniale ma ammalato per la troppa responsabilità di aver ricreato se stesso; Jasmine in preda alla sua malata coscienza; Alex e la sua vita apparentemente normale; Cosimo che riesce a invertire la propria esistenza. "Nordani è la gente che pensa, cresce e impara a convivere con se stessa e con il mondo. Come la cruda verità rischia di essere mutevole, anche voi sappiate che non potete essere sempre gli stessi". Un libro da leggere tutto d'un fiato, che coinvolge il lettore e lo fa sentire partecipe del tutto, in quanto parte del movimento indefinito che muove le esistenze degli uomini. Quale universo più inspiegabile?

I delitti della Medusa , vincitore nel 2000 del premio Tedeschi, è la prima avventura del sommo poeta nei panni dell'investigatore. Il romanzo che ha rivelato le grandi doti di giallista di Giulio Leoni.

The present volume is the first study in the English language to focus specifically on Italian crime fiction, weaving together a historical perspective and a thematic approach, with a particular focus on the representation of space, especially city space, gender, and the tradition of impegno, the social and political engagement which characterised the Italian cultural and literary scene in the postwar period. The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present, by focusing on a wide range of detective and crime novels by selected Italian writers, some of whom have an established international reputation, such as C. E. Gadda, L. Sciascia and U. Eco, whilst others may be relatively unknown, such as the new generation of crime writers of the Bologna school and Italian women crime writers. Each chapter examines a specific period, movement or group of writers, as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture. The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which, when viewed without the artificial distinction between high and popular literature, shows a remarkable insight into Italy's postwar history, tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong, evil, redemption, and the search of the self.
