The central goal of this book is to provide a state-of-the-art overview of the literature with respect to the economic analysis of tort law. It sure meets the challenge, offering with great expertise a comprehensive presentation of tort law in both economic and comparative perspectives. The clarity of the

text, unusual in the law and economics literature, makes the book accessible to a broad readership of economists with a limited legal background and lawyers with limited economic skills. Olivier Moreteau, Louisiana State University, US Tort Law and Economics, ed. Michael Faure, provides a highly useful economic overview of the most important topics of tort law. The authors clearly show the main developments of the discussion, examining the results of recent studies and stating their own opinions. Detailed bibliographies are included. The volume has to be warmly recommended to friends and foes of economic analysis who are provided with a comprehensive update in this field while also

indicating areas which critics have to focus on. Helmut Koziol, European Centre of Tort and Insurance Law, Austria This volume provides a state-of-the-art overview of the literature on the economic analysis of tort law. In sixteen chapters, the specialist authors guide the reader through the often vast literature in each domain providing a balanced and comprehensive summary. Particular attention is paid to the evolution of the field, further refinements to economic models and relevant conclusions and lessons for the policymaker. Tort Law and Economics is part of the Encyclopedia of Law and Economics, and enables readers, some not familiar with law and economics, to obtain an insight in

the relevant economic literature concerning tort law and economics. This book will be of interest to lawyers and economists, practitioners and academics interested in accident law, tort law, insurance and regulation. It will also appeal to students in economic analysis of law and policymakers working on prevention of accidents, tort law or compensation of accident victims.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political

arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative

political imaginaries of freedom  
and justice.

Presents literary criticism on the works of classical and medieval philosophers, poets, playwrights, political leaders, scientists, mathematicians, and writers from other genres. Critical essays are selected from leading sources, including published journals, magazines, books, reviews, and scholarly papers. Criticism includes early views from the author's lifetime as well as later views, including extensive collections of contemporary analysis.

reassess the relationship between science and society, showing that the unique situation in Victorian Ireland can nonetheless have important implications for wider European interpretations of the development of this relationship during a period of significant change.

Marriage was the last thing on her mind. Now it may be her only choice. Debutante Lydia Barrington lives a carefree, protected existence on Live Oaks Plantation in Florida. While her sisters happily prepare for their traditional roles as women and talk of courting, Lydia dreams of adventure and independence. She counts the days until she can leave home to explore the world, to

**Sarah** with cultured gentlemen, to explore politics and art, to leave behind the confining expectations of her family and community-and her God. Even her friendship with handsome Hamilton Scarbrough isn't enough to hold her back...until they dance, and her heart considers love. Confused by her heart's betrayal, Lydia struggles to gain her independence. Then she overhears a private conversation about a business deal that has everything to do with her future. Now she's faced with the biggest decision of her life-to concede or to fight. Either choice will require great sacrifice...and, perhaps, countless rewards. In an attempt to escape her imminent destiny, Lydia scrambles to find a solution-at all costs. Amidst the trials that

follow, as Lydia runs out of time, she learns the meaning of sacrifice, forgiveness, hope and faith. Stripped of her future, will she concede or fight? Will she ever be able TO DANCE ONCE MORE? Romance. Scandal. Desperation. Hope.

This is the first English translation of works attributed to Abu Madyan, a seminal figure of Sufism in Muslim Spain and North Africa. The oeuvre includes doctrinal treatises, aphorisms, and poetical works, and so introduces readers to several of the most important genres of religious writing in Islamic Middle Period.
