2.0 out of 5 stars Tableau For Dummies is really Tableau for No One. Reviewed in the United States on November 25, 2015. Verified Purchase. I would say I am an advanced beginner Tableau user. I bought this book in hopes it was written like others in the dummies series, that being it was a how to and why. This book gives very little how to and why. If you are really wanting to learn Tableau regardless of your current level this book is not for you.
