Instead of using the full length of the book, they write in the first column to the middle line which saves time on their hand traveling across the whole line. Then they use the second column. A trained shorthand writer can write as fast as people can speak which makes it ideal for taking dictation. Shorthand is still sometimes used by secretaries and secretarial schools but also by closed captioners, by court reporters and by journalists and news reporters. It may also have military and law enforcement use or be used by anyone else who has to take notes fast. Have fun & enjoy this Notebook.
