The programme is packed with lots of interesting topics that will help equip you for the challenges that you face within modern geriatric medicine, including loneliness, malnutrition and multi-complexity. There will be some bread and butter topics but with new twists and turns with audience participation and engagement.

RCPE Symposium: Medicine of the Older Person - Challenges ...

Presently ,the discipline of geriatric medicine is facing many challenges to keep up with advances already achieved by other health care services at the beginning of the 21st century. In response to the needs and demands of an aging population, geriatric medicine has to develop new models of care, advance the treatment of common geriatric conditions and to advocate for the health care of older peoples.
