The tide is turning. On 4 April 2020, the British-based Financial Times published an editorial likely to be quoted by historians for years to come.. The Financial Times is the world's leading business daily and, let's be honest, not exactly a progressive publication. It's read by the richest and most powerful players in global politics and finance.

The neoliberal era is ending. What comes next? - The ...
The UK labour market remains in limbo. Today's figures show that, although the total number of hours people actually spent working is down by almost 20 per cent, unemployment has barely budged—although employment fell, this appears to be more than accounted for by EU citizens returning home. There are millions of people in jobs, but not doing them.
