Car Specifications - JAGUAR 4.2 E-TYPE | Moss Motors

Like all other DS420 limousines, it was equipped with a 4.2-litre XK6 engine. The 4.2 variant was also used in some military vehicles with relatively few modifications. The XK engine has the rare accolade of having been in production and service in cars spanning six consecutive decades. All of the 4.2-litre XK engines used the straight port head.

Jaguar XK engine - Wikipedia

The E-Type was originally available as either a Fixed Head Coupe or Roadster. In 1964 the car underwent it's first upgrade, which included the introduction of a larger 4.2 liter engine and, thankfully, a "Moss" all-synchro gearbox. In 1966 Jaguar released a 2+2 Coupe, necessarily longer, it is arguably a little less elegant than the DHC.

Jaguar E-Type Technical Specifications

At best the 4.2 litre Jaguar/Daimler engine block could be described as suspect and its quality further declined throughout its production. It was designed in the early 1960s to give more torque and better low to mid range performance than the 3.8 litre engine, which it genuinely did.

Fighting the Flaw in the 4.2 Engine Block - Jaguar Car ...

A year later, Jaguar introduced the 4.2 L version that was a vast improvement over the 4.0 L engine, complete with a better valvetrain, block and cooling system. Over the engine's 12-year lifespan, Jaguar was constantly improving the AJ-V8 with better parts and software calibrations.
