This book quickly summarizes the information, hitting most of the main concepts. I use the Meyer's Psychology second edition for AP textbook. However, I wish that it gave a list of the bolded vocab and the definitions in the margins for easier review; but that is just a personal preference. Read more. 2 people found this helpful. Helpful.

Psychology is designed to meet the scope and sequence for the single-semester introduction to psychology course. For many students, this may be their only college-level psychology course. As such, this textbook provides an important opportunity for students to learn the core concepts of psychology and understand how those concepts apply to their lives. The authors strive to make psychology, as ...
