Government, Colonial, in Spanish America. In the Capitulations of Santa Fe (1492), the Spanish monarchs named Christopher Columbus (1451–1506) as viceroy of the "discovered lands" and granted him extensive powers to govern in the new lands and to benefit from the wealth they created. But it was not long before the crown sought to take back control of the discovery and colonization of America, effectively suspending Columbus's authority.

The Spanish-American War occurred between April 22, 1898 and August 12, 1898, which is relatively a short period of time; however, its significance in American history should not be overlooked simply because of its brevity. It should be considered an event of great significance because the United States emerged as a world power. America's foreign and defense policies changed: the need for a ...

The Political and Military Impact of the Spanish-American War

Spanish-American War (1898), conflict between the United States and Spain that ended Spanish colonial rule in the Americas and resulted in U.S. acquisition of territories in the western Pacific and Latin America. The U.S. emerged from the war a world power, and Spain, ironically, experienced a cultural renaissance.
